OC Premier wants to welcome you to the 2024 Summer Baseball Season! We are offering three high-energy camps that will challenge our players and help develop an advanced approach to both the defensive and offensive elements of the game. Our knowledgeable coaches have a variety of backgrounds ranging from ex-pros and current college players, to high school and college coaches. Our low 7-1 Camper-to-Coach ratio provides the student with more personal attention and makes OCP's Camps second to none.

Our goal for OC Premier's Summer Camp Program is to provide a sound learning environment that will increase the knowledge and skill level for each player. Our experienced coaches do a great job adapting to each person's ability and we invite those of any skill level to join. All camps and clinics will be held in Anaheim Hills and Villa Park. We look forward to seeing you!
